NURSERIES
INCORPORATED
POUND RIDGE • NEW YORK

IF YOU DO IT YOURSELF

YOUR CARE . . .

IS

YOUR GUARANTEE

Your trees, plants or shrubs are living things and should be treated as such.

The Nursery from which they were purchased has produced strong and healthy specimens and should survive to give you pleasure for years to come, provided the proper care is taken in planting and maintenance.

A hole must be dug slightly larger and the same depth as the ball of earth taken with the plant. Peat moss and a good manure should be mixed into the soil, both to the bottom and that which is to be back-filled. Placing the ball in the hole, the mixture should then be filled in around the ball firmly and watered well. Watering should be continued at least once if not twice a week until the plant has become established. A light application of fertilizer should be applied as the plant starts to grow to boost it along. Pruning and spraying are also essential in any maintenance program.

If complications arise which you cannot control, we will be only too glad to advise.

PLANTING

We can furnish experienced planting foremen and plantsmen, to plant the materials you order from us, at the current labor costs. The planting season starts as soon as the frost is out of the ground about mid-March and extends through December.

The minimum planting charge will be \$5.

TERMS

Cash—excepting established credit or satisfactory reference to which we will extend 30 days or where specific arrangements are made for longer terms.

BALLING AND BURLAPPING (B & B)

Plant material which cannot be successfully dug bare root are dug with a ball of earth—burlapped and securely tied. Where bare root material is requested to be B&B an additional charge will be made.

Poundridge Nurseries Guarantee

Provided the account is paid in accordance with credit rules, or agreed upon terms of sale, and the plants have received reasonable care, we will replace at one-half price of the plants plus cost of planting and delivering, any plants or trees furnished and planted by us which, if planted in the spring fail to survive throughout the summer, or if planted in the fall, fail to leaf out the following spring.

Should we not have the same variety or size of plants in stock, we will allow credit for an amount equal to one-half cost of the plants lost, in other plants of your selection.

Flowering and Ornamental Shrubs

All our shrubs are well grown bushy plants. Included among them are the old favorites as well as some of the newer varieties. *Prices quoted are for bare root flowering shrubs, unless otherwise specified. Ball and burlap at additional cost.*

Evergreen Trees

The most desirable for permanent beauty the year round. Every home owner needs evergreens for landscape planting around the home, windbreaks or privacy. We have the slow growing varieties for foundation planting or those to be used as screens. All our evergreens have been carefully sheared and transplanted frequently to assure high quality.

All prices are for evergreen trees carefully dug with a ball of earth encased in burlap.

Azaleas

The Azalea has established itself as one of the most outstanding shrubs in the whole plant kingdom, with varieties that do well in the range of full sunshine to shade. The flowers come in a wide range of appealing colors. Azaleas come in deciduous, semi-evergreen or complete evergreen. They are all acid soil loving and during bloom time need an abundance of moisture. Azaleas do well in all landscape plantings.
